The City of Bristol, Virginia

INTRODUCTION

The City of Bristol, Virginia is strategically located in the southeastern United States. The Virginia-Tennessee State Line bisects the principal business street and commercial center of the twin cities of Bristol, Virginia and Bristol, Tennessee. Each of the Cities is independent of the other in governmental administration and operation.

Bristol, Virginia, encompassing 13.3 square miles was incorporated in 1890 and has grown to become the principal center of commerce in the southern highlands of Southwest Virginia. Bristol is at the apex of a triangle completed by Johnson City and Kingsport in Tennessee, all within 25 miles of each other. Those cities constitute the "Tri-Cities Area". Interstate 81 ties Bristol to important population centers such as Knoxville, Tennessee (118 miles west), and Roanoke, Virginia (143 miles east). Interstate highways 77 and 40 connect with 1-81 within 73 miles of Bristol.

FORM OF GOVERNMENT

The City government is organized under the Council-Manager form of government. The governing body, a Council elected at-large to staggered 4-year terms by the voters, makes policies for proper administration of the City. The Council is composed of five members. The Mayor and Vice-Mayor are chosen by majority vote of all members of Council from its own members. Council appoints a City Manager to act as administrative head of the City. The City Manager serves at the pleasure of the Council, carries out its policies, directs business procedures, and supervises all departments and all employees of the City.

SECTION 3: That the annual budget heretofore presented to City Council by the City Manager as the same has been amended in the various workshops of the City Council and as the same, is in its final form attached hereto, is hereby adopted by City Council and incorporated in this budget ordinance by reference pursuant to Section 10.04 of the City Charter.

SECTION 4: Upon the recommendation of the City Manager and approval of the City Council, the Chief Financial Officer may thereafter transfer a balance appropriated but unused for one purpose for the current fiscal year to another purpose or object for which the appropriations for said purpose or object for the current year have proven insufficient, even though that requires transferring said funds from one department of the City to another. The City Manager may transfer funds appropriated for Contingency purposes to other departments as the City Manager deems necessary.

The Chief Financial Officer may, upon authorization of the City Manager, transfer funds between line items appropriated within the same department or office to meet unexpected obligations within the same department or office.

SECTION 5: This ordinance to take effect July 1, 2021, the best interests of the City requiring it.

FY2021-2022 Budget Hierarchy

The main purpose of the City of Bristol, Virginia's annual budget is to communicate to its Citizens the goals of the upcoming fiscal year and the resources that will be used to accomplish those activities.

The City's FY2021-2022 Budget is presented by Fund. The City designates the financial activity into two (2) types of funds.

Governmental Funds- governmental funds account for the main services provided by the City.

♦**General Fund** - this is the government's basic operating fund and accounts for operational activities and services. The sources of revenue vary, but include virtually all Federal, State, and Local tax receipts, as well as various fee incomes and charges for services.

♦**Local Funded Capital Projects Fund** - this fund accounts for the construction and acquisition of capital assets, such as buildings, equipment, and vehicles. The revenue sources for the activities in this fund come from transfers from the general fund or other local revenue sources.

♦**State and Federal Funded Capital Projects Fund** - this fund accounts for the construction and acquisition of capital assets, such as buildings, infrastructure, equipment, and vehicles. The revenue sources for the activities in this fund are state and federal revenues along with the required local match.

♦**Community Development Block Grant Fund** - the City of Bristol is a designated CDBG Entitlement Community, which enables it to receive federal Housing and Urban Development funding every year to benefit low-to-moderate income individuals living in the City. These funds can be used for various activities within the City, including public service activities, housing improvements, ADA accessibility, public facility and infrastructure improvements, and economic development activities.

♦**Commonwealth Attorney Federal Revenue Sharing Fund** - this fund accounts for the expenditure of Equitable Sharing Program Funds by the Commonwealth Attorney's office. The revenue sources for this fund are federal revenues received in a prior year and interest earned on the unexpended funds.

♦**Asset Forfeiture Fund** - these funds account for monetary assets seized as the result of law enforcement activities that are shared with the City for local law enforcement purposes. The revenue sources for this fund are federal, state, and local revenues and are restricted by guidelines as to purpose.

♦**CARES Act COVID-19 Fund** - this fund was established in FY20 in response to additional funding related to Covid-19. The revenue source for this fund is federal revenues received related to the global pandemic, Covid-19, and the expenditures of this fund are subject to federal guidelines.

Proprietary Funds - proprietary funds account for activities that function like a business. They are either classified as an enterprise fund or an internal service fund. The City has two enterprise funds.

♦**Solid Waste Disposal Fund** - this is an enterprise fund that reflects the activities of the solid waste disposal and collection services. The sources of revenues are the fees charged to users for goods and services provided.

♦**Transit Fund** - this is an enterprise fund that accounts for the City's transit activities. The sources of revenues are the fees charged to users, state revenues, and federal revenues.

General Fund-Judicial Administration Expenditures Judicial Alternative Sentencing Program

The Judicial Alternative Sentencing Program consists of three distinct alternative sentencing program options - Veritas Adult Drug Treatment Court, Work Re-Entry Program, and Home Electronic Monitoring. These programs offer certain non-violent offenders multiple alternatives to full time incarceration. In doing so, the programs aim to provide qualifying offenders with the tools necessary to become productive members of society and to not return to the criminal justice system, as well as simultaneously reducing the daily incarceration numbers at the Bristol, VA Jail.

General Fund-Judicial Administration Expenditures Magistrates Office

The principle function of the magistrate is to provide independent, unbiased review of complaints brought to the office by law enforcement and citizens. Magistrates are judicial officers who serve as a buffer between law enforcement and society to determine if there is probable cause to issue a warrant of arrest or a search warrant. In addition, the magistrates function is to provide access to civil mental health services through petition by citizens and the local Community Services Board.
