

Public Meeting and Online Survey

**BRISTOL
MPO**

Long Range Transportation Plan

The Bristol MPO is setting out to develop the 2050 update to the Long Range Transportation Plan (LRTP), which is a federally-mandated transportation planning process that identifies current and anticipated transportation needs in the region for the next 20+ years. It considers all modes of transportation, including motorized vehicles, public transportation, bicycles, walking, and freight and goods movement. We are kicking off engagement with a **public meeting** and **online survey**.

***We want to hear
from you!***

Public Meeting Details

February 25, 2026

5:00pm to 7:00pm
Drop in anytime.

Bristol Public Library
701 Goode Street
Bristol, VA 24201
